Cancellation Policy

Members must provide at least 72-hours notice in order to cancel a shift and notify the SLOBs Volunteer Coordinator listed in the event details in Track it Forward. If you are uncertain who to contact, please email the VP Philanthropy. Members who are canceling within 72 hours of an event should make every effort to find a replacement.

Canceling with less than 72-hours notice and/or not showing up for an event is not acceptable. Members who give no notice before missing an event (“no-shows”) will receive a warning for their first offense. A second or more “no-show” will result in the members’ accrued service hours being deducted for the same number of hours that they signed up for at that event.

If a member has a last-minute emergency and must cancel the same day of a scheduled event, they must communicate this to the Volunteer Coordinator and/or VP Philanthropy.

RECIPIENT RESPONSE

Dear Ryan and the Fullerton Service League of Boys,

Let me preface this email with a sincere Thank You. At some point in the past you took the time out of your schedule to write a letter through "Operation Gratitude" and although it may have taken longer than you expected to reach its intended destination, I can not express the almost surreal experience it brought to me upon receiving it. I have been deployed for some months now, and in that time I have come to appreciate that even the smallest of things can have the biggest of impacts. I don't know if when you wrote your letter, you could begin to fully understand the joy it was going to bring. I want you to know that from the moment I read it, and re read it, till now as I write this email I have had a smile on my face.

Allow me the pleasure to formally introduce myself. My name is Byron, 25 years old from Orange county California I actually grew up my whole life in Anaheim! Currently I am on the other side of the world floating in the middle of the sea on a ship almost too large to imagine, and for the past couple months I have been separated from family and friends. I have had limited contact with people back home, so you can imagine my surprise to one day receive a letter out of the blue. I truly had to take a step back and collect myself as I read your letter, it moved me on a very emotional level. As time has gone by, deployment has become harder and harder, and in those hard times I began to forget the very reason I wear this uniform. You have rekindled that fire I had burning inside me.

I want to thank you from the bottom of my heart. I would not be where I am now, if it were not for all the people back home worth protecting. I truly hope this message reaches you, and brings you as much joy as yours did to me.

Respectfully,

AMAYA, BYRON E,
